PROFILE

Motivated and detail-oriented engineering student seeking selection for the committee. Experienced in backstage coordination and event operations, with strong teamwork and problem-solving capabilities.

ABOUT

Motivated and detail-oriented student pursuing a B.E. in Information Technology at Thakur College of Engineering and Technology (TCET). Passionate about event management, teamwork, and creating memorable experiences. I aim to contribute to the committee by applying my organizational and problem-solving skills while learning new aspects of event planning and execution. Experience & Participation

Assisted in multiple college events, primarily in backstage on-coordination, ensuring smooth execution and time management.

Collaborated with peers and faculty to handle logistics, stage setup, and technical arrangements during cultural and academic functions.

Led the team for Physics Project , succesfully handeled various aspects like Logistic , team managemnet etc,
