ABOUT ME

I'm a second-year B.Tech IoT student who enjoys being part of creative and collaborative spaces. Whether it's designing a poster, planning an event, or simply bringing new ideas to the table, I love getting involved and making things happen. I'm someone who learns quickly, communicates well, and always shows up with a positive mindset. I'm excited to explore new experiences, grow with my team, and contribute something meaningful along the way.

WORK EXPERIENCE
